

# THE GLASS FORGE

Autumn/Winter 2022

## Hello

I will keep this newsletter short and sweet as I am busy beavering away in the studio starting to make my Christmas decorations. Yes, I can't believe that it's this time already and I'm absolutely amazed at just how fast this year has gone.

It's been another wonderful year of making my fused glass pieces. I have loved meeting customers old and new at craft events and through the shops that display my fused glass pieces. Your feedback and support really is appreciated and I just wanted yet again to thank you all for this.

## Gifts for men

Gifts for men are often difficult to buy, so if you are looking for something that is a little different and not your routine gift from the high street, then you might want to consider some of my designs below.
